FROM: Max Hugel
Deputy Director for Administration

SUBJECT: Cafeteria Committee Questionnaire

1. With reference to my meeting [redacted] pertaining to the Cafeteria Committee and the proposed questionnaire, I told [redacted] that I was opposed to sending out the questionnaire because it wouldn't serve any purpose. The way to handle the problem is as follows:

STAT

STAT

- a) List all of the major problems that currently exist with the cafeteria,
- b) Find out who at GSI has the authority to correct these problems, and
- c) Set up a meeting with the top-level people at GSI to review the problems and implement the policy that will correct these problems accordingly.

2. At any rate, [redacted] agreed and will go back and work on this and present a complete list of recommendations for us to review and to try to implement.
